Sponsorship & Partnership Opportunities

Future on Wings: Advances in Sustainable and Smart Aeronautics

First Edition | Prague, Czech Republic | 5–7 May 2027

Location: Novotného Lávka, Prague 1, Czech Republic

WELCOME!

Future on Wings (FOWINGS) is a new flagship international conference organised by the **Czech Technical University in Prague (ČVUT), Faculty of Mechanical Engineering, Center of Aviation and Space Research.**

Held for the **first time**, FOWINGS is designed as a focused, high-quality meeting point for:

- aerospace researchers,
- technology developers,
- aircraft manufacturers,
- system suppliers,
- innovation leaders shaping the future of aviation.

With an expected attendance of **around 200 specialists**, the conference offers an excellent environment for meaningful interaction, visibility, and long-term relationship building between academia and industry.

WHY SPONSOR THE FIRST EDITION?

Sponsoring the **inaugural FOWINGS conference** provides a unique opportunity to become part of a new, growing platform at its very foundation.

As a Sponsor, you will:

- Be positioned as a **Founding Partner** of a future recurring conference.
- Gain **early visibility** among top researchers and engineers in sustainable aviation.
- Strengthen your presence in the **Czech and Central European aerospace ecosystem.**

**FACULTY
OF MECHANICAL
ENGINEERING
CTU IN PRAGUE**

- Engage directly with **high-potential students, PhD candidates, and young professionals**, as well as the top researchers in the field from Czech and overseas.
- Demonstrate commitment to **climate-neutral and smart aviation technologies**.

Focus on Czech & International Aviation Industry

The Czech Republic has a long tradition in aviation research, aircraft manufacturing, propulsion systems, aerospace structures, avionics, and MRO activities. FOWINGS actively welcomes sponsorship from:

Czech and regional aerospace players

- Aircraft and component manufacturers
- Propulsion and power-system developers
- Aerostructures and materials companies
- MRO and manufacturing technology providers

Global companies with Czech presence

- OEMs, Tier-1 and Tier-2 suppliers
- Engineering and R&D centres
- Digital, simulation, and aerospace software providers
- Sustainable propulsion, hydrogen, and electrification innovators

About the Conference

Scope and topics include:

- Sustainable and climate-neutral aircraft concepts
- Advanced aerodynamics and drag-reduction methods
- Smart and morphing aerospace structures
- Advanced propulsion and clean energy systems
- Flight dynamics, control, and aeroelasticity
- Avionics, digitalization, and intelligent aerospace technologies
- Manufacturing, maintenance & MRO

Conference format:

- Keynote lectures
- Oral and poster sessions
- Focused technical discussions
- Industry–academia networking opportunities

**FACULTY

CTU IN PRAGUE**

Who Will Attend?

Typical participants include:

- Aerospace researchers and engineers from Czech institutions and overseas
- Aircraft and system designers
- Technology suppliers and manufacturers
- PhD students and early-career engineers
- R&D managers and innovation leaders
- Representatives of aerospace institutions and research centres

Sponsorship Packages

Companies and organisations are invited to support FOWINGS through three sponsorship tiers. Each tier offers increasing visibility and engagement opportunities.

Sponsorship Levels Overview

Sponsor Status	Gold/general	Silver	Bronze
Contribution	100,000+ CZK €4,000+	20-100,000 CZK €800-4,000	5-20,000 CZK €200-800
Alternate: In-kind sponsorship	Coffee breaks, print of materials, promo items, conference bags etc.		

Sponsor Benefits

Benefit	Gold/general	Silver	Bronze
Exhibition space with power supply	✓	✓	✓
Company logo on conference website and promo materials	✓ (top tier)	✓	✓
Logo in final program & abstracts book	✓	✓	✓
Mention at Opening Ceremony	✓	–	–
Mention at Closing Ceremony	✓	–	–
Advertisement in program	Full page	Half page	–
Promotional materials in conference bag	Gadgets + brochures	–	–
Free full conference registrations incl. conference dinner	3	2	1

Exhibition Area

The exhibition area will be located in a **high-traffic zone** near:

- conference registration,
- coffee breaks,
- poster sessions.

This ensures continuous exposure to all participants throughout the event.

Additional Sponsorship Opportunities (Optional)

Upon request, tailored sponsorship options can be discussed, such as:

- Coffee break or networking reception sponsorship
- Best paper or student award sponsorship
- Sponsored keynote or industry presentation
- Branded materials (lanyards, bags, badges)

Becoming a Sponsor

Organisations interested in sponsoring **Future on Wings 2027** are invited to contact the organising team to express their interest and preferred sponsorship level.

Contact:

Radka Preclikova
Future on Wings Conference Secretariat
Czech Technical University in Prague
Faculty of Mechanical Engineering
Center of Aviation and Space Research
Technická 4, 160 00 Prague 6, Czech Republic
Phone: +420 224 359 764

Email: fowings@fs.cvut.cz

Following confirmation, sponsors will receive detailed instructions regarding:

- contractual arrangements,
- payment terms,
- material delivery deadlines.

Join Us as a Founding Partner!

By sponsoring the **first edition of Future on Wings**, you become part of a long-term vision to establish Prague as a key hub for **sustainable and smart aviation research and innovation** in Europe.

We warmly invite you to help shape the future—**from the very beginning**.
